Straight Ticket Talk

PARTY SUPPORT IS VITAL FACTOR

(Special Bulletin Wireless)
Hilo, Hawaii, Oct. 12.—Gov. Frear was in the town of Hilo yesterday and was asked by a Bulletin representative to give his views on straight-ticket voting and strict partisanship. Governor Frear made the following statement of his views:
"As I said in my speech at Aala Park, country comes first, party second, as a matter of course."
"This does not mean that party should be ignored or that the voter should select from the different parties the best men viewed as individuals."
"Parties are necessary and desirable in representative government."
"Team work is essential to accomplish practical results. Accordingly in politics as well as business it is often necessary to select and vote for men who by working together can accomplish desired results even though they are not men who might be preferred as individuals."

"Of course, there may be men on the party ticket who should not be voted for either for the good of the country or party, but just where the line should be drawn is a matter for individual judgment."

HALF THE FLEET DUE TOMORROWNOON

Theory of Delay in Date Of Sailing Seems Correct

The theory advanced in the Bulletin last week that a rather cryptic cablegram received in regard to a fire in the bunkers of the Solace ought to have been read that this event delayed the whole Fleet, instead of that it merely delayed the Solace, in sailing for this port, seems to be borne out by the fact that the Fleet is to arrive tomorrow at noon, according to wireless messages received Saturday night at the Kahuku station, for the commandant at the Naval Station. In case this theory were correct, the time of arrival at tomorrow noon would allow for a voyage at regular cruising speed. But half of the Fleet, with the destroyers being towed, will arrive tomorrow, the rest being on Sunday morning three days behind. In case those behind are steaming rapidly in order to catch up, it is calculated that they may arrive here but two days to the bad, or some time on Thursday.

Besides a mass of official messages, which are now passing constantly between the Fleet and the Naval Station, two definite announcements in regard to the arrival were received.

At 10 o'clock Saturday evening the operator at Barber's Point caught a fragmentary message from Admiral Swinburne of the Pacific Fleet, con-

Thwing's laukea Address

"We must stand firmly against these forces of evil. We must fearlessly let it be known that as Christians we are for right and honesty, and for men that do their duty."

"We have had reform here, and good work has been done by our Sheriff laukea, and he deserves our support in his fine stand for law and order. We must not be afraid to let it be known that we, as ministers, are for good government and the enforcement of the laws. It is not a time for a question of party or politics, but each one should use his influence for right, good government and the best man. An American Judge said the other day: 'Yes, I shall support him, as he is a man that we can trust.'"

"We want to come out boldly for honesty, reform against vice, and the enforcement of the laws of our land. To every member of this Association, I say earnestly, stand by a man who has done his work faithfully, who believes in law and the solemn obligation of his oath of office."

The above is an extract of a speech which Thwing made before the Oahu Association at its meeting last Saturday afternoon. As was predicted exclusively by the Bulletin, the address contained an open bid for the votes of the assembled clergymen for Thwing's great friend, laukea.

FOREMAN OF GRAND JURY FINED \$10

Dole Fines Dillingham For Contempt. Then Withdraws It

By fining Walter Dillingham \$10 for contempt of court, immediately afterwards withdrawing the fine, and then appointing him foreman of the Federal Grand Jury this morning, Judge Sanford B. Dole created some funny situations in the United States District Court. Dillingham was subpoenaed to appear as a Grand Juror. He did not appear at the time specified and Marshal Hendry immediately got busy with the telephone.

Dillingham's whereabouts could not be learned definitely but it was understood that he was down at the Korea. He was sent for, and at 10:45 appeared in Court. In the meantime the Grand Jury had been waiting patiently to be sworn in.

Before Walter, the erring, had appeared on the scene, however, Judge Dole imposed a fine of \$10 on him for contempt of Court. United States District Attorney R. W. Breckons told the Court then that he was reversing himself, for he had made a decision only the other day in the case of a defaulting witness requiring affidavits.

APATHY CONTROLS HAWAII

(Special Bulletin Wireless)
Hilo, Hawaii, Oct. 19.—Present indications are that Mc- Candles will carry the Island of Hawaii, the Home Rulers keeping the County offices. There is absolute Republican apathy among plantation men, with the exception of C. C. Kennedy. Hilo business men seem indifferent. The County Committee is dead because of a lack of funds.
